WEEKLY /mpact NOTE RATES

## Invest in the Mission of the Church While Earning Positive Returns

## TMF Impact Notes offer investors 1-5-year fixed rates of return.

Texas Methodist Foundation investors earn positive returns and make possible loans, grants and learning and innovation ministries that grow churches and the communities they serve.

Through TMF, purpose-driven investors provide financial resources across Texas and New Mexico supporting congregations and clergy.

## IMPACT STORY

## Investing in Children Builds Families and Grows Communities

Inspired by the fact that you only get one chance at childhood, the Children's Coalition of Aransas County opened a Child Development Center (CDC) in 2022 to provide high-quality early education for children. Year-round, day-long childcare frees moms and dads to work, improving the quality of life for their families and benefiting the entire community.

TMF impact investors enabled us to provide seed funding for this communitychanging program, one among many examples of how impact investing changes organizations and transforms communities. The CDC embodies purpose, courage, and the power of a faithful "yes" supported by mission-driven investors.
